ANOTHER STRIKE IS IMMINENT

Trainmen Threaten Walkout Unless Demand For Relief is Met

PROFITEERS BLAMED

W. G. Lee Declares Nation on The Verge of Vast Upheaval—Half Million Men Involved.

Washington, Aug. 1.—William G. Lee, president of the Brotherhood of Railway Trainmen, announced yesterday that unless the Railroad Administration has taken action by October 1 on the demands of the brotherhood, either that wages of the trainmen be increased or the cost of living reduced, steps looking to the enforcement of the demands would be taken.

Mr. Lee said a resolution containing this declaration, which had been adopted last night by the special committee of 16 appointed at the recent convention of the trainmen at Columbus, Ohio, would be sent to the Railroad Administration. The resolution provided that in the absence of action by October 1, the committee would reconvene to consider the necessity for using the protective features of the brotherhood."

Demands of Lee and his special committee were presented to the board of railroad wage and working conditions of the Railroad Administration at hearings ended today. This board is authorized to make recommendations to Director General Hines. Demands of the Brotherhood of Locomotive Firemen probably will be framed at a meeting of 300 chairmen to be held in Cleveland August 12. The meeting was called today by President Shay, of the Brotherhood.

The trainmen's and firemen's brotherhoods are two of the big four railroad brotherhoods whose total bmembership runs more than 500,000.

ACTIVITIES OF COLORED W. C. C. S. CLUB FOR 6 MONTHS

The opening of the Girls' Division of W. C. C. S. on Jan. 1st, 1919, broadened the Alexandria field in War Camp Comunity Service Its purpose was to organize the women and girls of this community in a nonsectarian spirit with a broad program of varied activities—designed to keep the girls abreast of the solhigher social standards.

January 14th The Parent-Teachers' Association was organized. The aim of the association is to improve school facilities and to raise the educational status of the Colored youth of Alexandria. The association pledges in its constitution to foster the community spirit as planted by War Camp Comunity Service in this city. Mrs. C. E. J Holland is president of the association.

On January 21st the Young Women's Vocational Club was organized with the purpose of rendering service to the soldiers and to engage in industrial and art work for self improvement. This club has recently opened a savings account and the membership has almost doubled. Mrs. Laura M. Highley is president of this club.

The Progressive Mothers' Club at the first regular meeting petition for a new public school for our children and at the second meeting a petition was framed and presented. These plans were executed by the joint effort of the Mothers' Club and the Parent-Teachers' Association. This petition went through successfully at the first meeting of the City Council. Work on the new structure has begun to the delight of parents pupils and teachers. Mrs. Alberta Hammond is the president of the Progressive Mothers' Club.

The two organizations mentioned above are now rallying for a fifteen hundred dollar campaign for an industrial equipment for the school. They have confidence in the citizens that the money will be raised. Mrs. Wm. Frazier has been the chairman of the industrial equipment committee in two very successful efforts. Mrs. Malinda Jackson is chairman of the refreshment committee. Subscription books are out also and R. D. Lyles is business manager of this effort. Tag day and also an extended lawn party are being planned for this worthy cause.

Red Circle Club number two was organized in February and a number three Red Circle Club in March. Mrs. Holland B. M. Skinner and Miss Lula Edmonds have had charge of the sewing classes of these club. The industrial features have been suspended for a larger recreational program for the summer.

In April the W. C. C. S. Choral Club was organized —having for its membership—some of the best singers in the city. The efficient director is Richard H. Brooks and some of the best musicians as pianists. The purpose of the Choral Club is to lead sings—in the rendering of musical programs for the soldiers and citizens of the community. This Club recently entertained the soldiers at Camp Humphreys with a splendid musical program.

Good results in housing sanitation and the efficiency of labor have been accomplished in cities in fifty four counties of the state—by this special committee the different sections. Sentiment has been stirred here for better sanitation and it is earnestly hoped that this committee here will have the support of the citizens—and being inspired by that other cities have done—will help to work out some of the problems in this much needed field of labor. Rev. Lorenza A. King is chairman of this committee and Mrs. Alice Wootton is secretary.

The Dramatic Club has given service to the soldiers at Camp Humphreys directed by Miss Mary A. Dorsey. This club is making some plans for fall productions.

The Canteen Committee from the different churches with the added services of the Young Women's Vocational Club have shown their love of country in serving the men in uniform their breakfass on Sunday morning. Mrs. Eliza Gaskins is Matron; Mrs. Elizabeth McDowell is the chairman of the committee on refreshments.

CHICAGO RIOT IS CHECKED

City is Comparatively Calm For First Time Since Sunday

THIRTY-TWO VICTIMS

More Than 1,000 Persons Were Injured in Five Days' Fighting—Negros Are Fed.

Chicago, Aug. 1.—Chicago was comparatively calm yesterday for the first time since Sunday and public officials expressed the belief that the uso of five regiments of State troops had effectually quelled the race riots which resulted in 32 deaths and the injury of more than 1,000 persons.

State militiamen are patrolling the danger districts on the South Side. Their appearance on the streets has had the effect of suppressing violent disturbances. They are aided in their work by a driving rain, which kept crowds from gathering in the streets.

A dozen arrests were made of whites and negroes charged with carrying concealed weapons and there were soveral sporadic fights between white men and negroes but no mob attacks were reported.

When Governor Lowden learned that thousands of negroes, who have virtually been held prisoners in their homes since Sunday because of the race riots, were in urgent need of food, he gave orders facilitating the delivery of supplies to the "black belt." As a result many wagon loads of food were sent to the districts on the South Side where relief was seriously needed.

Adjutant General Dickson, after making a trip through the danger district, declared that the State troops and police have the situation well in hand.

Mayor Thompson in a statement said that one reason for his appealing to Governor Lowden for the use of State troops was that he had information of a well defined plot to burn down a large section of the "black belt."

The fact that the whites had resorted to the torch, he said, was clearly shown by 50 incendiary fires in 24 hours in the negro district.

A squad of soldiers on duty at the stockyards was attacked by a crowd of white men yesterday morning after they had been beaten. The soldiers held the crowd in check with drawn bayonets and refrained from shooting. Several wagonloads of police were hurried to the scene and the crowd dispersd. Several arrests were made.

One Victory Garden Club is organized—composed of boys who are interested in this special industry.

The playground is on north Alfred street extended. Miss Lillian Lee has given valuable service as a volunteer worker in recreational work.

Th Advisory Committee on Girls' Work leaders of clubs chairman of committees chaperones and volunteer workers meet the first Tuesday in each month. This constitutes our local representative Community Committee of W. C. C. S. It is on behalf of this committee that we take this opportunity to give a six months' review of our work and to thank the broadminded citizens that have given their support to a work that is utilitarian and practical and stands for the greatest good of the greatest number.

We believe that this comunity service with the spirit manifested above will have the co-operation of more of our citizens in the future. The Girls' Division has moved to 517 Gibbon street All who are interested in community uplift are heartily invited to attend club meetings.

Yours for community work

MARTIN MAY RESIGN AS LEADER

Ill Health Likely to Force Virginian to Relinquish Post

UNDERWOOD LIKELY

Western Man, However, May Be Selected to Succeed Senior Senator From The Old Dominion.

Thomas S. Martin of Virginia does not soon improve in health, so that he can actively resume his duties as leader of the minority in the Senate, it is understood in legislative circles that he will resign the position and ask the Democrats to select his successor.

Without exception his party associates would regret that ill health should compel him to step aside for some one else, but generally it is felt that it is unfortunate at this particular time that Mr. Martin is not robust enough to fill that important position.

In the event the senior Senator from the Old Dominion tender his resignation as floor leader of the minority party, the question is already being asked on Capitol Hill whether Democrats will confer the honor upon another Southern man or will they go West for their leader?

If a Southern man is selectd it is believed that Senator Oscar W. Underwood, of Alabama is specially fitted for that sort of work. He was for four years Democratic floor leader in the House of Representatives, and during that psriod he was also chairman of the Ways and Means Committee and piloted a new tarifff bill through that body.

It is understood that Mr. Underwood is wiling to assume the minority leadership in the Senate if his fellow Democrats desire it, but he is not willing to enter into a contest for the position.

There is quite a feeling, however, that perhaps it would be a wise political stroke should the Democrats pick their floor leader from among the Western Democrats.

In that connection the names of Senators Walsh of Montana, Hitchcock, of Nebraska and Chamberlain of Oregon are heard suggested oftener than those of any other Senators from the West.

300 RAILROAD MEN GO ON STRIKE

Employees of Southern Shops Walk Out at 10 A. M. Today

SHOPS ARE TIED UP

Men Want Increased Wages as Protest Against H. C. of L. 400 at Potomac Yards May Strike.

As a protest against the high cost of living and also for an increased wage scale, approximately 300 employees of the Southern Railway Co., this city, at 10 o'clock this morning went on a strike.

As a result particularly all operations at the Southern Railway shops in this city were brought to a standstill.

The only persons who did not go out are the foremen and clerical help.

The men who are out include machinists, boilermakers, blacksmiths, pipemen, carmen, stationery firemen, helpers and all apprenetices.

At a meeting held at the hall of the Alexandria Trades Council it was decided to go out. The move was unanimous.

All the men are out today including colored employees on the coal chute.

Following the strike this morning the men met shortly after 11 o'clock in their hall at the Alexandria Trades Council rooms. It is expected that a number of officers of the International Association will come to this city to discuss the strike with the men. It is regarded as hardly fore tomorrow.

hcoue forei mod om dom do mo do

The strike here will to a certain extent effect a number of trains both passenger and traffic.

None of the officials of the union would give any idea as to when the men expect to return. However, it was stated that their return to work will be governed by the national association.

Mechanics now receive sixty-eight cents an hour and want eighty-five and helpers want an increase of from forty-five to sixty cents an hour.

Employees at the Potomac Railroad yards also are expected to go out. There are about 400 at the yards who will be effected.

The men say that they would be satisfied with the prevailing wage schedule if the high cost if living was reduced, but otherwise they want an increase in pay commensurate with the steadily increasing cost of living.

The strike effects the entire south eastern system of the Southern Railway Company.

HIGH COST OF LIVING

Cabinet Officers and Other Officials Confer on Steps to Relieve Suffering Public

President Wilson yesterday tackled in dead earnest the high cost of living problem with the manifest intention of bringing into play all the government's forces to find a remedy for the existing intolerable conditions.

It was learned that the President was giving the problem his most serious attention, and this was followed by the word that he had formulated a plan of preliminary action. His first step was to call a conference of Cabinet officers and department heads primarily concerned.

It was stated that no effective steps could be taken unless the full powers of the President were ascertained, and a conference ensued in teh office of Attorney General Palmer, it being understood that the President desired to have any conclusions reached sanctioned by the Attorney General.

Those who joined Attorney General Palmer in the conference were Secretary of the Treasury Glass, Assistant Secretary of the Treasury Leffingwell, Secretary of Agriculture Houston, Secretary of Commerce Redfield, Director General of Railroad Hines, and Commissioners Colver and Murdock of the Federal Trade Commission.

HIGH COST OF LIVING

While the late war was raging America's cry was "Food Will Win the War." Most of the people of the nation existed on substitutes for the staff of life and were rationed with sugar and other prime necessities. All patriotic men and women patiently bore their burdens and denied themselves readily in order to aid the government in crushing the Hun monster who had had his eyes fixed on America. The haughty Frankenstens were finally brought to their knees, when sighs of relief emanated from every quarter of the civilized world.

It was naturally supposed that the high cost of living and the scarcity of the necessaries of life would soon vanished with the smoke of battle, but prices have advanced during the last eight or nine months and the end is not in sight.

During the past week the scarcity of sugar in Alexandria has caused no little inconvenience, while prices of coffee have greatly advanced. Meat—that is good cuts—have long since soared beyond the the reach of the great majority. Butter and eggs are at figures which raged in Ladysmith during the Boer war.

President Wilson, notwithstanding the fact that he is heavily-ladened, more so probably than any man who has heretofore occupied the White House, is about to institute an investigation into present conditions.

Half a million or more trainmen of the country are demanding lower prices of the necessities of life or higher wages. Should they fail in either they will inaugurate a wholesale strike.

There is some cause for existing conditions, and it is hoped the President will unearth it and soon place the country in a normal condition.

KU KLUX KLAN MYTH

As was anticipated in yesterday's Gazette, a dispatch from Richmond denies the formation in that city of a Ku Klux Klan or any other organization designed to perpetuate race hatred. K. K. K., it is said, are abbreviations of "Keep Klean Klub," a civic organization.

The original Ku Klux Klan, which flourished in some sections of the southern country after the close of the civil war, was an organization hostile to carpetbaggers, and the fact that it sent terror among certain negroes was simply an incident in its existence.

Sectional feeling was high at that time. Most of the southern states were still out of the union, and carpetbaggers and adventurers, backed by federal troops, were eyesores to southerners. The K. K. K. was intended as the sword of Damocles to them as well as to certain negroes who made themselves obnoxious to the whites.

Northern prints at that time represented the organization as a band of cut-throats, and pictures of their meetings were amusing. They savored of the ritual of the Sons of Malta, which was exposed in 1859 by Frank Leslie's Illustrated Newspaper.

During the past half a century the negro question has almost vanished in this section of the country. While certain specimens of that race still give the police trouble, the great mass are law-abiding.

AMERICA'S ILLITERATES

In the army camps in which the tests of illiteracy were given—and these tests consisted in simply getting ideas from a newspaper and writing a letetr home—one man out of five was found to be illiterate. These facts astonished most of us who had thought that the confession of illiteracy given to the census enumerator by something more than five million of our population measured the size of the problem which onfronts us. The army tests however, would seem to indicate probably from fifteen to twenty million people in the United States who are unable to read and write. It is to this group that the appeal of the anarchist or Bolshevist is being continually made. Men who cannot read are influenced by the demagogue who would destroy our democrati institutions.

Many more millions, too, who suppose they can read virtually cannot, They can read a dog fight, fire or murder, but have no conception of the meaning of an editorial should the writer use certain figures of speech or make reference to past history.

The printing press is great blessing, but it is also, in a manner, a curse. A large percentage of the race fed themselves on flimsy literature until they have no taste for the better class of books.

Telephone Properties Are Returned Today

After a year of Federal control, the telephone property which makes up the Bell Telephone System is returned to its owners by the United States Government.

While the property has been properly maintained it is not the same property which the Government took over on August 1, 1918. It is not as adequate for its job or as well-manned as it was; that it is not is in no way the fault of Federal control, which was eminently fair. It is due to causes for which neither the Government nor the Company are to blame.

A year ago today we were at war. Labor and material needed for both telephone operation and construction were turned to military uses. Some materials were so vital to the carrying on of the war that even the work of providing telephone facilities for the Government was retarded and no part of them could be spared for commercial telephone purposes.

No less vital was the Government's need for those skilled to create, maintain and operate the vast intercommunication system necessary in modern warfare and in the conduct of the vastly increased Government services.

Thousands of telephone men were already at the battle front. Thousands more were under arms and still telephone experts and skilled operators went into the service of the Government and its tributary industries by the tens of thousands.

The reserve of plant and equipment was drawn upon until it was entirely used up and the experienced staff was gradually depleted. To find others to take the places of those who had gone was difficult. To train them takes time.

During the year came victory and the armistice; and instantly the business world sprang into intense activity. The demand for telephone service passed all former records. To replace the exhausted reserve which had been carried for just such purposes and to replace the skilled forces to meet this unprecedented emergency there began a rush for construction, for readjustment, for high pressure repairs, for feverish extensions. All these must be continued with increasing effort.

The return of the property comes in the very midst of this race between an overpowering demand and an upbuilding of a system whose growth was held back and whose forces were stunted by the vital needs of war.

Much progress has been made in the upbuilding of this system but far more is still required to meet the swift growth of business; and also to give "first aid" to every other business or every other service struggling against an unprecedented demand.

Prosperity which creates this emergency in service creates also a scarcity of those desiring employment in the service. Under such conditions telephone service generally has not been and could not be up to the pre-war standard. It is beyond human power to immediately overcome the handicap which the situation imposes.

There are no people in any public or private endeavor who are working more tirelessly or strenuously for the common good than those of the telephone company. Service has always been given. More of it must be given and it must be improved. That improvement in some cases will take months. Eventually service must win the race with demand.

Lester Decker Exonerated of Blame in Death of Sweetheart

Paterson, N. J., Aug. 1.—Lester Decker, 20 years old, arrested in connection with the death of Miss Mabel Harris, also 20, his sweetheart, was released from jail yesterday.

The girl's relatives, as well as county officials, apparently were convinced her death was an accident.

Miss Harris was drowned in Pompton Lake Sunday night when Decker's canoe was swept over a dam. The youth failed to report her death until the next afternoon. Then he said he was lying down in the canoe resting when the craft went over the dam.

The autopsy on the body which was recovered yesterday, revealed the girl died of "accidental drowning." The body was without shoes stockings or underwear.

BAN PUT ON "HOLY ROLLING."

Magistrate Rules Religion Must Take Take Quieter Turn

Baltimore, Aug. 1.—That the principles of freedom do not embody the right of a clergyman and his congregation to disturb a neighborhood until the early hours of the morning is the contention of residents of the old Frederick road, who have appealed to the police of the Southwesern district to put an end to the "rolling" of the Holy Rollers of that neighborhood.

A committee of a dozen persons appeared before Justice Tormollan yesterday as witnesses against the Rev. T. W. Harmon, pastor of the Pentecostal Mission, and the parishioners of the church. The neighbors testified that it was impossible to sleep before 1 a. m., because of the noise emanating from the mission. They declared that children, almost exhausted, rolled on the floor and adults danced in religious frenzy.

Harmon told the magistrate that it was impossible to prevent his worshipers from expressing their exhiliration when the Spirit of the Lord was striving with them.

Magistrate Tormollan told Harmon that the noise would have to be discontinued.

"This kind of serving the Lord must stop," the magistrate said. He added that arrests would be made if the disturbances did not cease.

Teller at Philadelphia Bank Also Owned Three Automobiles, Examiners Find.

Philadelphia, Aug. 1.—Living in princely style, purchasing a $10,000 home in Cynwyd, sporting three automobiles, lavishing jewels—this on his $35 a week bank clerk's salary.

Elwood N. Strang, covered by detectives from the district attorney's office, at a beach front hotel in Atlantic City, is said to have done these things while working at the scuttled North Penn Bank.

Strang, the dashing paying teller who always carried rolls of money in his pockets and posed under three names left the city Saturday.

The bank examiners want him to explain certain transactions and manipulations at the North Penn. Therefore detectives have trailed his $3,500 automobile to Atlantic City, while others have uncovered a Wallingford life which pales the "hero" of fiction.

The bank examiners wish to learn whether Strang is the man accused by Walter O. Colflech, a $25 a week clerk, who has confessed falsifying records as the tool of Ralph T. Moyer, the cashier now held in $25,000 bail.

WOULD RESTRICT NEGROES

Negroes would be prohibited from enlisting in the army or navy under a bill introduced yesterday by Representative Carraway, Democrat, Arkansas. The measure also would provide for the discharge within 60 days of all negroes now in the service and prohibit any from receiving appointments to the naval and military academies.

Another bill by Mr. Carraway would prohibit intermarriages of whites and negroes in the District of Columbia.

Cloverdale GINGER ALE

"It Doesn't Bite"

It's Good for You

FREQUENTLY, people are inclined to put all ginger ale into one class.

That's why CLOVERDALE stands out so prominently when placed in comparison. The similarity really ends with the words "Ginger Ale."

Your first taste of CLOVERDALE will win you because **"It Doesn't Bite."** We do not use red pepper, which costs less, but we do use GENUINE JAMAICA GINGER because we are interested in Quality, not "cheapness."

That explains why the FLAVOR of CLOVERDALE cannot be imitated or equaled.

When you want REAL Ginger Ale always remember the name and say it — CLOVERDALE.

NO other ginger ale can use the famous mineral water from our Cloverdale Springs at Newville, Pa.

Many people all over America buy this water for its "good health" qualities — but when scientifically blended into such a delicious beverage as CLOVERDALE GINGER ALE you get all of its rich mineral properties, the medicinal and tonic advantages, in the most pleasant and enjoyable form possible.

Begin to drink a bottle EVERY day for better health—order a case of 24 bottles from your grocer, druggist or any dealer that sells good drinks — SERVE IT COLD.

WIFE, 15, TRIES SUICIDE

Fort McHenry Soldiers's Bride Sends Bullet Through Chest

Frederick, Md., Aug. 1.—Mrs. May Popplewell, the 15 year old wife of Albert Popplewell, a soldier at Fort McHenry, fired a bullet from a revolver into her chest at the home of Mr. and Mrs. George Hettenhauser, Brunswick, Tuesday night and is in a serious condition at the City Hospital.

A few minutes before she committed the deed she telephoned to her husband and requested him to visit her. He said he could not leave camp. She replied that if he did not come she would kill herself. He again declined, whereupon she went to her father's room, took his revolver and fired the shot. She was hurried to the hospital.

She was formerly Miss May Lugenbeel and resided at Eureka Springs, Ark. In June she came to Brunswick on a visit to the family of Mr. and Mrs. Hettenhauser, and Popplewell, who came from Eureka Springs also, came to see her. On his first visit they were married.

Unless complications arise she is expected to recover.

Illness, due to an abscess on the neck, is believed to have been responsible for his act.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S. which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
